STAFF REPORT

DATE: MARCH 1, 2021

TO: COMMUNITY DEVELOPMENT ADVISORY COMMITTEE

FROM: SEAN MCGOVERN, SENIOR MANAGEMENT ANALYST

SUBJECT: AGENDA ITEM NO.8.A

**RECEIVE A PUBLIC PRESENTATION FROM EACH PUBLIC SERVICE
GRANT APPLICANT**

RECOMMENDATION

That the Community Development Advisory Committee:

- 1) Receive a staff report regarding the Public Service Grant application rating process;
- 2) Receive a presentation from each Public Service Grant applicant; and
- 3) Assign individual ratings to each Public Service Grant applicant.

BACKGROUND

On June 7, 2018, the City Council adopted the City's first Consolidated Plan (ConPlan), Annual Action Plan, and Citizen's Participation Plan for the Community Development Block Grant (CDBG) funding program. The passage of these planning documents as required by the Federal Department of Housing and Urban Development (HUD) to become an "entitlement city" and administer CDBG funds independently. Previously, the City's CDBG efforts were administered by the County of Riverside.

A portion of the total CDBG allocation that the City receives from HUD may be used to fund public services. Typically, this process is served through a public service grant (PSG) application system. Non-profit entities that serve a population with certain demographic characteristics (low income, homeless, etc.) are encouraged to apply for public service grant funding from the City. The City's anticipated 2021-22 CDBG allocation is \$1,200,000, which includes up to \$170,000 for PSG funding.

At the February 21, 2019, City Council meeting, the City Council adopted Ordinance No. 2019-04, which established the Community Development Advisory Committee (CDAC). The Community Development Advisory Committee (CDAC) was established to administer the selection process for PSG applicants.

For the 2020-21 CDBG program year, the CDAC formally recommended PSG funding allocations in the amount of \$139,237.00 for Path of Life Ministries, Inc. (Path of Life) and \$40,000.00 for the Family Service Association (FSA). Both of these recommendations were accepted by the City Council. Path of Life's 2020-21 PSG award-funded homeless outreach, emergency shelter, and homelessness prevention. FSA's 2020-21 PSG award helped fund the communal meal program at the Eddie Dee Smith Senior Center.

On June 8, 2020, the CDAC formally recommended PSG funding allocations in the amount of \$255,500.00 for Path of Life and \$25,500.00 for FSA. These recommendations were made in response to the City receiving an additional allocation of the CDBG funds through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Unlike traditional CDBG funds, this special allocation of coronavirus-related CDBG funds (CDBG-CV) could only spend on activities that prepare for or respond to the coronavirus pandemic. Path of Life's CDBG-CV allocation augmented their existing homelessness response program to include an expansion of emergency housing and funding for homelessness prevention. FSA's CDBG-CV allocation financed the distribution of sanitation supplies to seniors at the Eddie Dee Smith Senior Center.

ANALYSIS

The City's CDBG team, which consists of both City Staff and consultants from GRC Associates, Inc. (GRC), published the Public Service Grant application on January 13, 2021. The purpose of the grant application was to solicit grant proposals from qualified non-profit agencies that serve residents in the community that meet the demographic criteria established by HUD (low-moderate income, homeless, etc.). The City received two (2) applications by the February 16, 2021 deadline. Upon receipt, the City's CDBG team reviewed each application based on the objective rating process approved by the CDAC during the 2019-20 program year. A summary of each application is provided below.

Applicant: Path of Life Ministries, Inc.

Funding Request: \$170,000.00

Current Level of CDBG Funding (not including CDBG-CV): \$139,237.00

Service: Emergency Shelter, Outreach, and Prevention

Summary: Path of Life is proposing to moderately expand their homelessness service levels in the community. Path of Life has been providing homelessness outreach and shelter to homeless Jurupa Valley residents since July 1, 2017. Intending to exit people from homelessness, Path of Life administers a holistic system of outreach, case management, and temporary housing. Notably, Path of Life's proposal includes a three-month extension of the City's current nine-month lease agreements on two market-rate apartments being utilized for emergency shelter. The lease agreements for these two market-rate apartments are currently funded with the CDBG-CV award that Path of Life received from the City on July 2, 2020. Relative to Path of Life's 2020-21 CDBG budget, City Staff noted modest cost increases across most categories. Path of Life's 2021-22 CDBG budget proposal includes a 25%

(\$10,000.00) cost increase for the City to maintain the current reservation of emergency shelter at Path of Life's homeless shelter.

Applicant: Family Service Association

Funding Request: \$30,000

Current Level of CDBG Funding (not including CDBG-CV): \$40,000

Service: Senior Nutrition Program

Summary: The FSA currently provides a senior meal program at the Eddie D. Smith Senior Center on Mission Boulevard. In response to COVID-19, the communal meal program has been rearranged to a meal pick-up system. The Riverside County Office on Aging (Office on Aging) provides finances for the majority of the meal program at the senior center. FSA's application describes how receiving CDBG funds will allow them to provide a greater quantity of meals to meet the demands of the meal program.

FINANCIAL IMPACT

Public service grant allocations are derived from the City's CDBG 2021-22. No impact to the City's General Fund.

2. APPLICATION SUMMARY (This summary will be used in reports to the City Council & the public)

Provide a brief summary of how the proposed program will address a need in Jurupa Valley, your agency's capacity/experience to carry out the activity & administering CDBG funds, and how CDBG grant funds will be used.

The proposed program will continue to address the urgent need of homelessness and lack of shelter beds in Jurupa Valley. Path of Life Ministries (POLM) has been funded in the City of Jurupa Valley since 2018 with CDBG and in 2020 CDBG COVID19 funding to provide Street Outreach, Shelter and Homelessness Prevention. POLM has over 15 years of meeting the needs of the homeless in Riverside County with HUD funding (CDBG, ESG and CoC).

These funds will be used to provide Homeless Street Outreach with supportive services, temporary housing in two Crisis Stabilization Units and a minimum of four shelter beds at POLM Shelters.

3. COMMUNITY NEED

Provide data relevant to the need for the proposed program in Jurupa Valley. Ensure information is specific to the City. Ensure you specifically address how the proposed program will impact the community need or City objectives, and how a service gap will be eliminated/demonstrably reduced.

Since implementing Jurupa Valley Homeless Services in 2018, POLM has made a significant impact through POLM Street Outreach, Homeless Prevention and Shelter program for individuals and families facing a housing crisis in the City of Jurupa Valley.

The impact of POLM Homeless Services is well documented as the number of homeless counted in Jurupa Valley in the annual County of Riverside Point in Time Count has decreased every year since POLM has provided homeless services in Jurupa Valley. The 2019 County of Riverside PIT Count reported that there were 148 unsheltered individuals in Jurupa Valley, which was a decrease of 6% from 2018. The 2020 County of Riverside PIT Count reported that there were 103 unsheltered individuals in Jurupa Valley, which was a decrease of 30% from 2019.

The proposed program will continue to effectively address the urgent community need of homelessness and lack of shelter beds in Jurupa Valley. These funds would allow us to reduce the number of homeless by providing vital street outreach and shelter services to the homeless population in the City of Jurupa Valley.

The first six months of homeless services provided in 2020-2021 provides evidence that POLM Homeless Services is meeting a Jurupa Valley service gap:

During QY1 and Qy 2 (July 2020-Dec 2021) POLM provided shelter to 21 unduplicated individuals from Jurupa Valley and 1,007 shelter bed nights. Fourteen individuals from Jurupa Valley exited and three (21%) moved to permanent housing. POLM Outreach Team made 604 street outreach contacts, engaged/enrolled 29 individuals for supportive services and provided 360 various basic needs services. Ninety-nine (99) referrals to other community-based supportive services and/or housing opportunities were made. Multiple encampments were

identified and partnerships with local law enforcement have provided opportunities to contact and engage those individuals occupying the encampments. Eleven individuals were assisted with Homelessness Prevention Rapid Resolution Assistance (Rent/Utility Bills/Special Needs). POLM also help coordinate the efforts to conduct the 2020 PIT count in Jurupa Valley. We anticipate meeting and/or exceeding all the projected outcomes by the end of the 2020-2021 contract period.

The project will provide the following Homelessness Services at a cost of: \$170,00.00

1. POLM Street Outreach services will serve a minimum of **75** unduplicated individuals with Outreach and Shelter services.
2. Two (2) Full-Time Staff will conduct street outreach and case management services five (5) days per week to homeless individuals in the City of Jurupa Valley. POLM Street Outreach Team will provide Outreach/Contact/Engagement to a minimum of **75** individuals.
3. An intake/enrollment including a VI-SPDAT assessment will be conducted for each individual engaged/enrolled. This will determine eligibility for (Rapid Rehousing (RRH) or Permanent Supportive Housing (PSH) and ensure that eligible individuals are entered in the Riverside County Coordinated Entry System (CES).
4. The Street Outreach team will document their contacts, interactions, and progress with the individuals they meet with as well as the locations in which they are finding homeless individuals and encampments.
5. A case plan will be established with those who accept case management services and those who enter POLM shelter services. Assistance will be provided to cover special needs of individuals that will aid in their rapid movement out of their homeless situation, such as funding for ID documents, work clothes, and vehicle repairs. A minimum of 10 households will receive this assistance.
6. POLM will assist with transportation needs that contribute to an exit from the homeless situation for those who are interested. A minimum of 25 individuals are projected to receive this assistance.
7. Path of Life will connect and collaborate with partner organizations and agencies such as the Riverside County Sherriff's Department HOT Team, Jurupa Valley Codes Department and other community based agencies to coordinate efforts to provide effective homeless solutions in Jurupa Valley.
8. POL will serve a minimum of 50 unduplicated individuals from Jurupa Valley in POLM Shelters. The equivalent of 1000 shelter bed nights will be guaranteed for Jurupa Valley residents with at least 4 beds being available on any given night for Jurupa Valley residents. Additional bed nights and/or beds will be provided for any Jurupa Valley

resident seeking shelter based upon availability. Path of Life began offering 24 hour services with 3 meals per day, which is available to all shelter guests.

9. POLM will provide an additional three (3) months of Crisis Stabilization Housing (CSH) in units located in Jurupa Valley. POLM uses these units as temporary housing (up to 90 days) for homeless individuals and families. This service is currently funded for 9 months by 2020-2021 Jurupa Valley CDBG COVID19 funding. It is projected that an additional 180 CSH bed nights will be provided in these units.
10. POLM will assist with efforts to conduct the 2022 Point In Time Count.

ORGANIZATION CAPACITY & EXPERIENCE

- A. State your organization's experience to carry out the proposed program. Include information regarding length of time providing service, professional qualification of staff (include license, academic credentials, etc.) & other relevant information.

POLM has been recognized as a premier provider of homeless services (Shelter, Outreach, Homeless Prevention and Permanent Housing) in Riverside County. POLM has provided comprehensive homeless services since 2005. In 2014 with CDBG funding, POLM began providing mobile intervention and street outreach in the city of Perris and have expanded interventions throughout Riverside County. Trained POLM Street Outreach teams employ evidence based best practices such as Motivational Interviewing and Trauma Informed Care with the families and individuals experiencing homelessness. Our mobile team engages with the homeless at encampments, in cars, community service locations, etc. and provides needs assessments, housing navigation, behavioral healthcare and employment support once trust is established. The mobile team provides transportation and moving support to housing as needed. The team collects specific data for each individual and inputs all information into the Riverside County HMIS data system. POLM offers a comprehensive menu of supportive services to every interested individual we serve.

- B. Summarize your organization's experience administering CDBG public service grant funds.

Path of Life Ministries has been a successful recipient of local, state and federal funding for over 15 years. We have received State and Local Emergency Solutions (ESG) funding for our shelters, rapid rehousing and outreach programs. We receive Emergency Food and Shelter Program dollars from FEMA for mass shelter and rental assistance, Community Development Block Grant (CDBG) funds for shelter care and mobile outreach, HUD Continuum of Care dollars for rapid rehousing and permanent supportive housing, HEAP funding for both shelters, Landlord Locator program and an Homelessness Prevention for Jurupa Valley, and City of Riverside. In 2020-2021 we received over \$4,000,000 grant funding from government entities and a total over \$4,700,000 in contracted funding. We have been effective in managing the grant contracts meeting required reporting deadlines and receiving few findings when monitored by the grantor.

APPLICATION SUPPLEMENTAL FOR HOMELESS SERVICES

1. Describe your experience with analyzing and interpreting U.S. Census and other official forms of data related to homelessness.

Path of Life has been contributing and reviewing data from various reports such as Consolidated Plans, Homeless PIT Count, Homeless Management Information System, Annual Performance Reports, U.S. Census to determine the needs and trends of a community regarding homelessness, to learn and inform our services plans to the homeless and as an educator/ advocate for the homeless with local governments and community groups for over 16 years.

2. Describe your organization's experience with developing a homelessness outreach effort to collect new data.

POLM has provided comprehensive homeless services since 2005. In 2014 with CDBG funding, POLM began providing mobile intervention and street outreach in the city of Perris and have expanded interventions throughout Riverside County. Trained POLM Street Outreach teams employ evidence based best practices such as Motivational Interviewing and Trauma Informed Care with the families and individuals experiencing homelessness. Our mobile team engages with the homeless at encampments, in cars, community service locations, etc. and provides needs assessments, housing navigation, behavioral healthcare and employment support once trust is established. The team collects specific data for each individual and inputs all information into the Riverside County HMIS data system. POLM also helps coordinate the annual Riverside County Homeless PIT Count in Jurupa Valley.

3. Describe your organization's experience with developing, proposing, and implementing results-oriented solutions to mitigate and serve the homeless population.

Path of Life Ministries (POLM) exercises a comprehensive and coordinated system of support. While many homeless service agencies focus on relief services, POLM focuses efforts on a permanent exit from homelessness and poverty by integrating support structures and development services and addressing the underlying barriers to sustained success. We uniquely integrate support in the areas of housing, financial stability, and life skills development toward our participant's socioeconomic mobility. If other agencies provide services in particular areas, POLM collaborates with those agencies to integrate them into our system of support in the context of participants' living environment, streamlining both access to and the implementation of those services within our participants' journeys, such as our partnership with the workforce development office in which we have arranged for a single employment specialist who both serves as a single point of contact with our staff and a concierge for participants we connect with their services. In situations where no evident resource exists, POLM has a track record of creating those solutions, such as the incubation and launch of a Federally Qualified Healthcare organization (Health to Hope Clinics) as well as a social enterprise organization (Path of Life Enterprises), and the creation of a behavioral health program and childcare program that provides services intentionally designed to meet the needs of our participants. Throughout our entire system of care, POLM is implementing the best practices of the social service and behavioral health industry, such as rapid re-housing, trauma informed care, the cognitive approach to personal transformation, and motivational interviewing. POLM's strategy is specifically unique in that it emphasizes collaboration (leveraging available resources), provides integrated pipelines of achievement and development, and addresses root issues of homelessness and poverty.

4. Describe your organization's familiarity with social services in the Jurupa Valley, Riverside County, and greater Southern California areas.

POLM having served the County of Riverside since 1998 is aware of social services countywide. We work closely with Housing, Homelessness Prevention & Workforce Solutions, participate in the County 211 Community Connect, work along side agencies/mainstream services like the United Way, University Health Care System and

Behavioral Health Care, Adult Protective Services, Workforce Development and the Social Security Administration. We are connected with City Services and Departments such as the City of Riverside, City of Jurupa Valley, and cities in Coachella Valley. Our Achievement Coaches and Navigators work directly with community based social services agencies such as the Salvation Army, Catholic Charities, community landlords and many others agencies to help provide resources to help the homeless with their many needs.

5. Describe your organization's familiarity with the Community Development Block Grant process and other streams of Federal, State, or Local revenue.

Since 2005 Path of Life Ministries has been a successful recipient of local, state and federal funding. We have received State and local Emergency Solutions (ESG) funding for our shelters, rapid rehousing and outreach programs. We receive Emergency Food and Shelter Program dollars from FEMA for mass shelter, Community Development Block Grant (CDBG) funds for shelter care and mobile outreach, HUD Continuum of Care funding for rapid rehousing and permanent supportive housing and State of CA HEAP funding for Homelessness Prevention and shelter services. In 2020-2021 we received over \$4,000,000 in grant funding from Federal, State, or Local government entities. We have been effective in managing the grant contracts meeting required reporting deadlines and receiving no findings when monitored by the grantor.

2. APPLICATION SUMMARY (This summary will be used in reports to the City Council & the public)

Provide a brief summary of how the proposed program will address a need in Jurupa Valley, your agency's capacity/experience to carry out the activity & administering CDBG funds, and how CDBG grant funds will be used.

FSA's Senior Nutrition Program provides seniors with one nutritionally balanced meal Monday – Friday at the Eddie D. Smith Senior Center. In March 2020, FSA implemented a Curbside Pickup of meals at the Senior Center. This new model of operation was implemented in response to COVID-19 and the County's Stay At Home Order for all residents. FSA's Staff have been trained appropriately and are following the recommended steps to protect against the virus. Seniors can pick-up a weekly package of meals (including bread, fruit, and milk) while staying in their cars to limit in-person contact. An FSA Staff Member administers intake forms to seniors who are newly enrolling in the program while they remain in their car.

FSA's Senior Nutrition Program supports the City of Jurupa Valley's vision of providing Health and Human Services for residents who are most at risk. Many seniors depend on this program to foster their self-sufficiency and help them achieve as much independence as safely as possible in their given circumstance. Many older adults live on fixed incomes that force them to choose between paying for rent, utilities, or medication versus paying for groceries. The program provides services to the region's elderly who are most at-risk due to poverty, geographic isolation, and who have a lack of adequate resources to help them with the complexity of issues related to aging.

FSA does not limit or turn away any senior citizen who comes for meal. For most of the seniors who participate in the program, the daily meal they receive is their only source of nutrition for the day.

3. COMMUNITY NEED

Provide data relevant to the need for the proposed program in Jurupa Valley. Ensure information is specific to the City. Ensure you specifically address how the proposed program will impact the community need or City objectives, and how a service gap will be eliminated/demonstrably reduced.

The onset of the COVID-19 Crisis caused a significant increase in the demand for food services across the Inland Empire. Our team received thousands of phone calls from seniors enrolling in the meal program and inquiring about their local meal site. FSA met this demand and has now served the largest amount of meals we have ever encountered in our 25-year history of serving the community.

The Senior Nutrition services are so widely utilized by city residents because the program addresses some of the major unmet needs that the elderly population face today. Many older adults live on fixed incomes that force them to choose between paying for rent, utilities, or medication versus paying for groceries. The program provides services to the region's elderly who are most at-risk due to poverty, geographic isolation, and who have a lack of adequate resources to help them with the complexity of issues related to aging.

4. ORGANIZATION CAPACITY & EXPERIENCE

- A. State your organization's experience to carry out the proposed program. Include information regarding length of time providing service, professional qualification of staff (include license, academic credentials, etc.) & other relevant information.

Family Service Association (FSA) is one of the largest and most impactful human service nonprofit organizations serving residents of the Inland Empire. In 1953, the Junior League founded the Family Service Agency to provide counseling services in the City of Riverside. The agency remained dedicated to this mission and single-service until the mid-1980's when new leadership began the expansion of the scope of services and geographic area. Today, FSA serves thousands of individuals and families each year in the areas of: Behavioral Health, Child Development, Child Abuse Prevention, Community Centers, and Senior Housing, Nutrition and Wellness.

FSA has been providing services to the elderly since the late 1980's and began the provision of Senior Nutrition Services in the mid-1990's beginning in the County of Riverside and expanding to San Bernardino County in 2004. Today, FSA provides congregate and home-delivered meals at 27 Inland Empire sites, reaching over 10,000 unduplicated individuals annually.

FSA is accredited by the Council on Accreditation (COA) which attests that the agency meets the highest national standards and is delivering the best quality services to the community that it serves. As operator of the Eddie Dee Smith Center, FSA provides high-quality, effective services for residents. Families can access emergency food distribution, health care, and referrals to clothing and utility assistance.

- B. Summarize your organization's experience administering CDBG public service grant funds.

FSA has received CDBG funds for over 18 years to operate community centers, run programs ranging from health and wellness to case management. We have also been the recipient of Federal grant funds over the last 20 years to operate programs in Education, Health and Human Services, Clinical Mental Health, Housing, and others.

FSA has been fortunate to have received CDBG funding for our Senior Nutrition Services since 2004. FSA currently receives CDBG Funding from eleven cities in the Inland Empire and from several cities' general fund budget to support operating the Senior Nutrition Program.

FSA has the following policies and procedures are in place:

- FSA has a formal personnel system in place and written procedures
 - Staff salary can be tracked by funding source
 - Formal written accounting procedures are in place and formal audits are conducted each year.
- Additionally, FSA uses a separate revenue account to segregate all CDBG funds received. As a recipient of more than \$750,000 in federal funds, the agency is also subject to single audit requirements using appropriate professional standards

5. PROGRAM INFORMATION

A. Complete the following budget summary for the proposed program.

- | | |
|--------------------------------------------------------|---------------------|
| 1. 2021-2022 Jurupa Valley CDBG Grant Funds Requested: | <u>\$30,000</u> |
| 2. Total 2021-2022 Program Budget: | <u>\$207,914</u> |
| 3. Total 2021-2022 Agency Budget: | <u>\$24,270,155</u> |

B. Detail how requested CDBG funds will be utilized (e.g., staff salaries, benefits; program supplies; insurance; direct client assistance, etc.)? Ensure that **Attachment B "Proposed Program Budget"** is reflective of this outline.

Funding from the City of Jurupa Valley will be allocated towards the cost of food for the program and staff hours to cook and maintain kitchen operations. Since the onset of COVID-19, FSA has experienced increased food costs for the program because each senior receives a weekly meal package, instead of the traditional daily meal. With that, about \$20,000 will be allocated towards food costs. FSA also plans to utilize \$10,000 to support the salary of an FSA Staff Member who will cook and distribute food directly at the Eddie D. Smith Senior Center. Due to the Pandemic, FSA has not cooked meals directly on-site and therefore has not utilized its program cook in this capacity. We are monitoring the situation carefully as it evolves and if possible, would like to begin serving "grab and go" meals beginning in January 2022. This model of service would support our senior community's desire for socialization; which is essential given the immense isolation that seniors have experienced over the past year. It would also maintain safety standards because community members will not be eating directly inside the center, but rather picking up meals, greeting one another, and eating at home.

C. Provide the following information regarding full-time, part-time, contract & volunteer staff that will be utilized to provide the proposed service. (If CDBG funds are requested for any personnel costs, **Attachment C "CDBG Funded Personnel"** must be completed).

Contract Staff: 3

Part-Time Staff: 43
Volunteers: 70

D. What percentage of the organization's total budget is spent on fundraising & overall administration?

3. What % of the total program budget will be used to serve unduplicated Jurupa Valley residents?
90%
